# The Landmarks

VOLUME I, NUMBER 1 • JUNE, 1985

## Our First Issue

Welcome to **The Landmarks!** I hope you enjoy this issue as much as I've enjoyed bringing it to you.

First off, I'd like to thank the people who contributed to this issue. Thank you and keep it coming!

Second, I'd like to thank all of you who subscribed already. It really helped get things off to a good start! Thank you!

I would again like to thank the Duluth Town Board for their contribution. Without their help we couldn't have started at all. Thank you!

(Please note: **The Landmarks** is a rural paper intended for **ALL** the area townships. Duluth Township residents will receive the paper this year for \$2 less than the regular rate due to the fact that the Duluth Town Board made the initial donation.

Patti (Aho) Hellman  
Editor

## LANDMARKS... past

Excerpts from the original **LANDMARKS**, Volume 1, No. 1, September, 1968.

**Landmarks...**We hope you have found some reason to look forward to the next issue of **LANDMARKS**. We hope to receive more news of activities in the Lakewood, Alden, Norman, and Duluth Townships. The first initial of each of these townships forms the name **LANDMARKS!**

**Town Meeting News:** Mr. Mike Miller from the county zoning and planning office is scheduled to attend to explain the newly required zoning permits in Duluth Township.

**School:** Opens September 4th.  
Ben Borken, Principal.

**Horseman's Play Day:** Will be held

on Sept. 1st from 11 a.m. until dark at the Laiti farm. Dave and Phil Laiti are hosting this fun day. No charge to the public—in fact they are invited to attend and watch the various events. Refreshments will be sold by the Clover Valley Community Council.

**David Battaglia:** 37, has been a member of the faculty at THHS for the past 15 years and has served 5 terms as Mayor of the city of Two Harbors. He is ranked as a liberal in his political views.

**Lloyd Shannon:** Candidate for County Commissioner. Shannon was a candidate four years ago and lost a very closely contested race to the now retiring commissioner.

**Kenneth R. Wischman:** A candidate for House of Representatives 61A. He has served four years in the U.S. Navy and received an honorable discharge.

**Jim Ulland:** Coordinator of Mayor Boo's Youth Commission and Vice President of the Clover Valley Community Council, has filed for the 61A Legislative District in the Minn. House of Representatives.

**Clifton 4-H Club:** Busy! Busy! Busy! has been the slogan for the 4-H'ers this summer. Our booth was the Grand Champion at the county fair in Proctor. Now we are busy setting up our Grand Champion booth at the State Fair. Our slogan is "Build Your Future with 4-H."

## Community Calendar

\*\*\*\*\*

**COMMODITY DISTRIBUTION** is June 20th, 9 a.m.-3 p.m. at the Lakewood Community Center. Don't miss out!

\*\*\*\*\*

**THE HOMESTEADERS Senior Citizens Club** meets on the first Wednesday of each month at 1:30, at the Duluth Town Hall. Anyone 55 years or over is invited to attend. Lud Solem is president and Laurena

Sundberg is membership chairman. Membership-126.

\*\*\*\*\*

**THE NORTH SHORE HOMEMAKERS** (Adiline Swenson, president) will hold their annual picnic on Tuesday, June 25th at Gravells, 1060 Englund Road. (No further meetings until September.)

\*\*\*\*\*

### Two Harbors Special Events

\*\*\*

**LAKE COUNTY DAY AT THE DEPOT**, with history and current area displays and entertainment. June 8th.

\*\*\*

**THE CHICAGO HORSE RIDERS** coming to T.H. on June 9th.

\*\*\*

**JULY 4-7:** Dances all three nights. 4th-Kiddie Parade, costume & float contest, prizes. Kids come prepared!

\*\*\*\*\*

**SEND YOUR COMMUNITY EVENTS** by the 1st of each month to **The Landmarks**.

\*\*\*\*\*

## Spring Concert

Carolyn Marino

"It's a Small World" was the theme of the North Shore Elementary School spring concert on Tuesday, May 28th. A standing room only crowd turned out to watch this excellent program directed by Miss Cory Clay. Phil Carlson, principal of the school, welcomed the crowd and told a couple of amusing anecdotes.

The background was a map of the world, and figures of children—black, brown, yellow, white, red, etc. There were also flags of various nations made by the Girl Scout Troops.

The North Shore bank played several numbers, my favorite being Mountain Hoedown.

...continued on page 2

# Memorial Day Program

From the Memorial Day program held at Lakeview Cemetary.

George B. Sundstrom

I, being a member of perhaps the smallest service organization in Minnesota, of which about 25% are in veterans hospitals, nursing homes or confined in their own homes, you can understand why our annual state convention opens with prayer, that organizations such as ours should with time, pass out of existence, and should never again be necessary. Yet when we visit these, our comrades, we sense the same family spirit that we share here today, remembering, with reverence, when those we honor today were with us.

Also, we enjoy a somewhat unique situation here in this community in that we too here are a family, a community, wholesome, free, and a good place to see our young people grow up. Yet there are times we consider the unrest, the loose way of life, made so evident in our daily news, we'd like to close the door to the rest of the world, to protect our young people.

For it seems, in the words of scripture, without are ravening wolves, and I want to call your attention to a developing threat in our country, the rebirth of the neonazi party. We might comfort ourselves with the thought they don't really concern us, it's only history repeating itself, but I remind you, if we don't learn from the mistakes of the past, we'll make them again.

Sadly, these mongers of hate are working in our area, they do find victims by coming into social clubs, or any organization where they can do their insidious work, themselves victims of their hate. So I say reject their hate, protect our community for our young people, and keep this community a family.

Go in God's peace.

## The Fire of 1918

Margarite Blaisdell

This story was told to me by Vivian Englund Drawz, formerly from French River but now living in Saskatoon, Saskatchewan, Canada with her daughter Mary and family.

Her father planted evergreens after the fire and now they are tall stately trees growing on the farm-now owned by LaVerne and Roy Gravelle.

I was eight years old at the time of the 1918 Fire. It was to the west of our farm and the air was full of smoke. My father was at work at the shipyards. He asked some men, who were partridge hunting on the Beckstrom farm, south of us, if they would keep an eye on my mother and us girls.

As the smoke became more dense, my mother carried Hazel, who was a baby, and one of the men carried my sister, Ethel. We went down a logging road south of our house to the railroad tracks, then on to Matt Jackson's store.

Matt went out with his lanterns and flagged the train down so we could go to Duluth to my Aunt Huldies' house. People on the train were crying, trying to console each other. Some had facial burns and burnt hair.

My father had piles of lumber around as he had planned to build us a new home. All that burned, along with the out buildings and animals except one calf. It was a miracle the fire bypassed her. Neighbors must have cared for her as she lived for

many years. (She was called Jessie and in later years when I started teaching, my first paycheck helped to buy a pump. When my mother would pump water for the cow, she would say "God Bless Vivian, Jessie.  gave us this pump.")

When my father went back to see the damage the fire had done, he found the pig still alive, so he butchered it and brought the meat to town in a pack sack. Wolves howled around him, being tempted by the smell of fresh meat. He would throw out a chunk of meat now and then so they would fight over it and he was able to run to the train depot.

The family went to the Armory where clothing was being given to the Fire Sufferers. I was given a pair of orange boys shoes that buttoned on the side, with a bump on the toe. Someone gave my aunt a soft wool dress. She ripped it out and made me a dress out of it. I went to the Nettleton school and as my aunt had embroidered flowers on the belt, the teacher had me stand up in front of the class to show off my pretty dress. It amazed them because a student coming from a one room school in the country had learned so much.

## 1979 thru Now?

...Concert from p. 

What's happened between the last issue of **The Landmarks** and now?

The last issue of **The Landmarks** was approximately 1979. I'm trying to piece together then and now and I'd like your memory to help me out.

Let's put our heads together and see if we can make up for lost issues. Drop me a line before July 1st so we may bring this update to others in the next issue.

The kindergarten class, directed by Bev Anderson Behlind did 3 darling numbers. "Rubber Duckie" was especially cute.

My favorite number of the program was done by Harriet Driscoll's 3rd grade class. They made up their own verses for "Jeremiah Was A Bullfrog." One of the verses I liked alot was about Jeremiah being a wood-tick!

The program ended with the All School Chorus and the audience singing "We Are The World."

### PROPERTY TAX ASSESSMENT MEETING

NOTICE is hereby given that the Board of Review of Town of Duluth in St. Louis County, Minn. will meet at the Town Hall on:

**JUNE 12, 1985**

**7:30 PM-9:30 PM**

The owner of any property subject to assessment may appear at this meeting & request a review of his assessment, in which event the Board of Review shall consider the complaint and take appropriate action thereon.

The law contemplates that property owners shall first appear before local Boards of Review, after which the owner may protest the taxable valuation before the County Board of Equalization if aggrieved by the decision of local Board of Review.

Dorothy Blomquist  
Clerk 

# "Fire Call"

News and fire prevention tips from the Clifton Volunteer Fire Department.

## In case of FIRE call 722-6600.

is the Sheriff dispatcher. He will send a signal which will trigger pagers in each fire fighters home. This will be followed with a description of the situation and the address. This is repeated every minute for five minutes or until someone responds.

2. If you have a fire, **PLEASE** do not hesitate to call us as the first few minutes can be critical-the sooner we get the alarm-the sooner we can help. It's suprising how fast a simple chimney fire can turn into a full house fire.

3. When you call, give directions from the nearest well known road or intersection. (Example: 1/2 miles east of the Homestead road on the Torgerson Road.) Stay on the line

until the dispatcher has all the information he/she needs. **Special note on fire numbers:** at this time they are helpful but not nearly as accurate as specific directions.

4. If you have any questions, feel free to call Chief Tom Swanstrom at 525-2214.

# Operation Fingerprint

On May 13th and 15th, Operation Fingerprint was held at the North Shore Elementary School.

Operation Fingerprint is a program whereby fingerprints of children are recorded, along with physical and biographical data are kept, by the parents, in the case a child is missing.

Approximately 96% of the students took part, including the Headstart class.

We also had between 50-75 pre-

school children take part.

Officer Aho handled the children very well, along with great volunteers--Kathy Oberg, Marge Thomas, and Kathy Cooke.

Verna Kivisto

# CONSTABLES REPORT

There has been an increase in activity in the township, possibly due to the spring weather.

Neighbors should watch other neighbors homes and report any suspicious activities.

Should you become suspicious, try to get license number, auto type & color and report immediately to the Constables or Sheriff's Department.

# What's Been Happening?

\*\*\*\*\*

Cameron McCormick, 9901 North Shore Drive, will leave June 25 to spend six weeks in Copenhagen, Denmark, as a summer exchange student under the auspices of the American Scandinavian Student Exchange (ASSE) program. Cameron has completed his sophomore year at Two Harbors High School, and is looking forward to living with his host family in a suburb of Copenhagen. The ASSE program is affiliated with the Swedish and Finnish ministries of education.

\*\*\*\*\*

A Bingo Benefit for the Godden family was held at the Duluth Town Hall on May 22nd. The event was sponsored by the Homesteaders Senior Citizens and brought in \$300. Thanks to all who helped make it a success.

\*\*\*\*\*

Farewell and best of luck to Bruce Aho and Irene (Sweetie) Bryce. Bruce and Sweetie moved to Denver, Colorado on May 26th in search of fame and fortune!

\*\*\*\*\*

William & Dorothy Aho and Lynda, Tom & Christopher Ballard were visitors at the Hellman home during the last of May. All reside in Northglen, Colorado.

\*\*\*\*\*

What's your news??? Drop us a line before the 1st of July and let us know.

\*\*\*\*\*

## Congratulations!

Congratulations to the 1985 graduates. Best of luck in your futures!

\*\*\*\*\*

Congratulations! To Annette Strom, Kelly Bailey, Michelle Wallner, Jane Rankila, Scott Thureen and Vikki Fladmark! Annette, Kelly, Michelle, Jane, Scott and Vikki were among the top 20 in the 1985 graduating class at Two Harbors High School and all are from the French River area.

\*\*\*\*\*

Congratulations to the newlyweds of Clover Valley who were joined in Holy Matrimony on June 8th, 1985.

Married were: Susan Gagne of Proctor to Gerry Aune of Clover Valley and Brenda Morgan to John Hauge, both of Clover Valley.

\*\*\*\*\*

Send in your congratulations by the first of each month to **The Landmarks**.

# BASEBALL

Mel's Fish House, Benna Ford & Moose Club are the only remaining undefeated teams in the Two Harbors Men's Softball League after 2 weeks.

Mel's defeated Coleman's Bait and North Shore Sports after being down 9-1, Mel's came back to defeat NSS 14-11.

Moose Club has beaten Dairy Queen & a tough Shorecrest Restaurant team. Benna Ford started the year out by edging Blatz 12-6 and Jim Barber Service 13-3.

Games are played Thursday evenings from 5:10-8:30 p.m. at Odegard Park in Two Harbors.

# Cook's Corner

This month's recipes from the kitchen of Mrs. Ailie Aho.

## Rhubarb Nut Bread

- 1 c. brown sugar
- 2/3 c. salad oil
- 1 egg
- 1 c. buttermilk
- 1 tsp. salt
- 1 tsp. soda
- 1 tsp. vanilla
- 2 1/2 c. flour
- 1 1/2 c. rhubarb, diced
- 1/2 c. nuts, chopped
- 1/2 c. sugar
- 1/2 tsp. cinnamon
- 1 tbsp. butter

Combine all ingredients except sugar, cinnamon and butter. Pour into 2 greased 9x5" loaf pans. Blend sugar, cinnamon, butter; sprinkle over batter. Bake at 325° for 1 hour. Do not overbake.

## Rhubarb Cake

Grease & flour 9x13 cake pan. Pour 1 yellow cake mix (made according to directions on package) into pan and add the following in layers:

- 5 c. cut up rhubarb
- 1 3 oz. pkg. strawberry Jello
- 1 c. sugar
- 1 c. miniature marshmallows

Bake 5 minutes longer than cake mix directions.

## Tips 'n Things

\*\*\*

You know all that water that you boil the potatoes in? The water you hate to dump out because it contains all those vitamins? Instead of dumping it, use only a little water to steam the potatoes and replace the milk you would add with powdered milk. If they get too stiff, add hot water. Season as usual. Delicious mashed potatoes with all the good nutrition left in.

\*\*\*

Before adding shortening to your frying pan, let it heat up slowly to the desired temp. Now add the shortening and food to be cooked won't stick to the pan.

\*\*\*

Next time you wash the car, use an old pair of pantyhose. They won't scratch the finish and they clean real well.

\*\*\*

The best thing for a bee or hornet sting is meat tenderizer. Use a drop of water (or spit) and mix into a paste.

It's a good idea to carry it with you when you go berry picking.

\*\*\*

When your brown sugar gets hard, add a slice of apple to the bag and reseal. The apple will soften the sugar back into its original texture. Remove the apple when sugar is soft again.

\*\*\*

Hair spray removes ink.

\*\*\*

A leaf of lettuce or a bit of sugar will rescue your soup if you added too much salt.

\*\*\*

A slice of bread will remove excess grease from your soup.

\*\*\*

Can't get that woodtick out? Try lighting a match (farmers matches work best) and blowing it out. Hold against back of tick and he should back right out. You may have to repeat a time or two.

\*\*\*

Got any good tips or suggestions? Drop us a line!

\*\*\*

## Child Care

Kathy Johnson

This is the first of a continuing column focusing on a wide variety of topics pertaining to children. Written by a mom, it is intended to appeal to parents and grandparents alike. Hopefully most subjects will also be of interest to baby-sitters & day-care providers. From time to time, I will be openly requesting your input, but feel free to give comments and suggestions, or to ask questions at any time. I hope you enjoy the column!

\*\*\*\*\*

School's out...kids are home all day, bringing the ever-present cry, "What do we have to eat?"

Don't forget to stock up on nutritious snacks and beverages. The Main Grain Co-op in town carries a variety of healthy snacks from natural soda pops & fruit juices to fruit leathers, sesame stix, nuts, & yogurt covered peanuts or raisins to name a few. (Those of you in buying clubs may already be familiar with many of the items available.) And, fresh fruit is becoming more readily available & economical. Let the children

create their own fruit salads or fruit & cheese "kabobs." A few other of my favorite & easy snack ideas:

## CARROT PUZZLES

Wash carrot, scrape if desired. Cut carrot into pieces (3-10). Put into baggie. Have child put carrot back together, counting as she/he goes...then eat! Child has fun learning counting & association of parts to whole.

## CELERY WAGON

Wash celery, cut into 2" lengths. With toothpicks, attach 4 carrot slices for wheels. "Wagon" can be filled with peanut butter, cottage cheese, or cream cheese.

## PEANUT BUTTER BALLS

- 1 c. peanut butter
- 1/3 c. honey
- 1/4 c. pwd. milk
- Raisins, nuts, sunflower seeds, if desired.
- Sesame seeds or coconut

Mix honey & peanut butter well. Work in pwd. milk until smooth. Add raisins or nuts, shape into balls & roll in coconut or sesame seeds. Refrigerate until needed.

\*\*\*\*\*

For those hot summer days, keep a supply of home-made juice or yogurt popsicles & home-made pudding pops on hand. All you need is an ice cube tray or small paper cups & popsicle sticks (safer than toothpicks, especially for the very young). And, don't forget frozen bananas on a stick. I use my over-ripe ones, cut in 1/2. Ripening makes for a sweeter flavor & greater ease of sliding onto the stick.

Kids love to make their own snacks. Younger children will need guidance. As you work together, talk about what you are doing and basic concepts of good nutrition. Encourage lots of counting, and let your child do as much measuring as possible. No need for a formal lesson...just enjoy! However, the more they do themselves, including clean-up, the more they will learn.

Now it's your turn! What are some of your favorite nutritious snack ideas? Or, how about some tips on traveling with youngsters. It's vacation time...what works for those long days in the car? Let's share some ideas for next month's column. Please mail to *Kathy Johnson, Rt. 1 Box 105, Two Harbors, MN 55616* phone: 834-5429 by June 21st. Thanks!

P.S.-Remember to save some space in the garden for your child, or perhaps create a separate small garden plot. Now is the time to plant his/her favorite veggies for fresh picked snacks come July & August.

# Aqua Systems

Many times I'm called out on a service call because of low water pressure. Often I find that fine sand particles have accumulated in the faucet & washing machine strainers. Occasional cleaning of these small screens may be necessary.

If the problem seems persistent, a cartridge filter can be installed in the water line to handle larger amounts.

Feel free to call us if you have any questions about your water system.

# Cleanup Day Cancelled

At the May 9th Duluth Town Board meeting, it was decided to cancel Cleanup Day.

WLSSD had request of Bob Abrahamson that the day be held before May 28th as they are transferring from the landfill system to the burning system.

Bob intended to donate his time in this effort but due to prior commitments was unable to do so before the May 28th deadline.

In addition to time element, costs would have ran approximately \$500, which was over the budget for Cleanup Day.

Contact your local garbage man over non-household items. He can either haul it for you on a contract basis or refer you to someone who will.

# Reunion

Patty Heino

In May of 1970, 26 young men and women walked across the stage of Clover Valley High School to receive their diplomas, say goodbye to old friends, and eagerly look ahead to their futures.

That was 15 years ago, and today the Class of '70 is scattered from Florida to Washington, Texas to all over Minnesota. But on July 26, 27, and 28 they will reunite for the first time since graduation, sharing their new lives with old friends, and bringing with them many fond and happy memories spent together as the Class of 1970.

The plans for the weekend include a get together at Patty (Heino) Carter's Friday night, dinner at Lakeview Castle Saturday night, and a family picnic at Birchwood Estates on Fish Lake, Sunday afternoon.

Jan Ringer, Health Educator  
Now that summer is here and children are out of school, bicycling is a popular activity. Because bikes are driven on roadways along with cars it's important for children and adults to follow some basic safety rules for bikes. After all, in a collision between a bike and a car the biker has little protection. The following rules are suggested by the Bicycle Manufacturers of America:

1. Obey all applicable traffic regulations, signs, signals and markings. Bicycles should be driven as safely as any road vehicle, and they are subject to the same rules of vehicular traffic, wherever they apply. A good "rule of thumb" is to avoid congested streets and use bikeways, lanes or paths where possible.
2. Keep right: drive with traffic, not against it. Drive single file. Keep as close to the curb as practical. Most states require you to drive single file. When driving two abreast, a minor swerve could force you into traffic.

3. Watch out for drain grates, soft shoulders and other road surface hazards.
4. Watch out for car doors opening, or for cars pulling into traffic.
5. Don't carry passengers or packages that interfere with your vision or control.
6. Never hitch a ride on a truck or other vehicle.
7. Be extremely careful at intersections, especially when making a left turn. Most accidents happen at intersections. If traffic is heavy get off and walk your bike with pedestrian traffic.
8. Use hand signals to indicate turning or stopping. Let the motorist know what you plan to do by giving the appropriate hand signals for turning left or right, or for stopping.
9. Protect yourself at night with the required red reflectors and lights.
10. Drive a safe bike. Have it inspected to ensure good mechanical condition.
11. Drive your bike defensively; watch out for the other guy. Observe the car in front of you, and the one in front of him. Leave yourself room and time to take defensive action.

## Homesteaders Senior Citizens

The **HOMESTEADERS** is an organization dedicated to enrichment of life to the elderly. If you are not a member, but are 55 or older, we extend to you an invitation to join with us. We meet regularly on the first Wed. of the month. An **ARTS & CRAFT GROUP** meets each Thursday at 10:00 a.m. All meetings are at the Duluth Town Hall, Holmstead Road.

\*\*\*\*\*

Are you an actual member, the kind that would be missed?

Are you just contented that your name is on the list?

Do you attend the meeting and mingle with the flock?

Or do you stay at home and criticise and knock?

Do you take an active part to help the work along?

Or are you satisfied to be kind that just belong?

Do you ever voluntarily help the guiding stick?

## Town Meeting Minutes May 9, 1985

The meeting was called to order by Dick Bakke, Chairman. Attending the meeting were the Town Board, Town Attorney, two Constables, Fire Chief, and Patti Hellman.

The Fire Dept. ordered bunker pants last year and they finally got them. They were of such poor quality that the Fire Dept. returned them and will seek another source of supply.

Patti Hellman has volunteered to be the editor of the town newspaper. The Board funded the paper in the amount of \$320.00 to get it started-for mailing costs and bulk rate permit, for three months. After three months we hope that the paper will be self sustaining from advertising sales and resident subscriptions at \$4.00 each.

Richard Tofte is 2/3 done with the town roads survey. He was paid a partial payment for this service in the amount of \$1500.00.

The Board resolved not to have a hup day this year.

Beer licenses for Forrest Inn and French River Store were approved.

The meeting was adjourned after the bills were approved and paid.

Respectfully submitted,  
Dorothy Blomquist-Clerk

Or leave the work to just a few, and talk about the clique?

Come to meetings often and help with heart and hand.

Don't just be a member, but take an active part.

Think this over, member, you know the right from wrong.

Are you an active member, or do you just belong?

Food for thought? We hope so!

\*\*\*\*\*

Our congratulations to Patti Hellman on the rebirth of the area news paper. Let's give her our sincere support, and help. She deserves the support of the community.

\*\*\*\*\*

Some exciting things are developing in the trip picture, let your trip committee know your suggestions. Also, we need 2 or more members on the travel committee. It's a big job.

\*\*\*\*\*

Would you be interested in a once a month movie? There are some very interesting 16 MM movies available at the public library. Perhaps a Sunday afternoon thing. Also, there are interesting things that would interest the young people. Let your president know.

\*\*\*\*\*  
A word to those eligible for fuel subsidies. It is expected there will be about 4 million dollars less allocated to Minnesota for the coming winter. Some dollars are still available from past allocations, in case of a cold winter, some may be left out. Nuff sed.

\*\*\*\*\*

Also, the weatherization program is to be phased out. 30% cuts each of the next three years, totally out by 1990.

\*\*\*\*\*

Remember: June 20 pick up your surplus foods at Lakewood. Mark your calender.

\*\*\*\*\*

Do you have any news for the Homesteader, or The Landmarks? If so call me, George Sundstrom or Patti Hellman, or drop a line to **The Landmarks**, Rt. 1 Box 46, Two Harbors, MN 55616. Telephone 525-5089

LaVerne Gravell, Chairman

## Clifton 4-H Report

The meeting was called to order at Alspach's house May 7 at 7:30 p.m. The speaker was Pat Healy on flower gardening.

Clifton 4-H members planted flowers at Lakeview Cemetery for Memorial Day.

Members discussed fixing up mailboxes for judging at the summer tour.

On June 10 members will meet at French River Lutheran Church for garbage pickup.

4-H Sunday was May 12 and members ushered at French River Lutheran Church.

Members should be thinking of ideas for a booth at the fair this year!

Project talk was done by Nina Ritchie. Demonstration was done by Lydia Alspach on knitting.

Next meeting-June 4 at Ritchies', 7:30 p.m.

Respectfully Submitted

MINNIE JACOBSON-August of 1960, at the age of 80.

ERNEST JACOBSON, playing his accordian.

## MINNIE JACOBSON

BY Margarite Blaisdell

On July 27th Minnie Jacobson will be 105 years old. Quite an achievement! The usual friends will gather to wish her well and to have a Happy Birthday as they have done for years. In spite of hearing and eye problems, she enjoys company.

Wilhelmina (Minnie) Filpula was born in Laihia, Finland in 1880. As a young girl she worked as a nursemaid. She had heard about the rich land of America where one could work to earn a great deal of money. At the age of 18, she and her cousin came to America to live in Ely. She met Matt Jacobson and they were married in 1902. They raised three children, Waino, Nellie and Ernest. Another son died in infancy.

They lived in Duluth and moved to French River in 1910 where they lived for 41 years. Matt passed away 2

years after they moved back to Duluth. Son Waino worked as a manager of the Farm Bureau and then in the service department of Hotel Duluth. He passed away in 1984. Nellie worked at St. Mary's Hospital and Gustafson's Bakery. She now lives at home caring for her mother.

Ernest had a shop where he repaired radios and TV's. He has since given that up and enjoys playing the accordian. Also chatting with people all over the world on his C.B.

We all wish Minnie a Happy Birthday and may she have a pleasant day.

pictures loaned from  
Alice Harrison

Landmarks from page 1

not available to cover the facility or area residents against nuclear accidents.

Michael Arnold was a recent recipient of the God-Home-Country Award at French River Lutheran Church.

Two Normanna 4-H Club boys and two parents made a Smokey the Bear to stand on top of the Nature Trail sign.

Someone either stole or destroyed the sign. We want to take our time to enjoy this trail-we don't want it marred or vandalized. Summer is here-but where is Smokey the Bear?

The Hill School: The first to attend the school in 1908 were Gunnar, Hilmer and Svea Grundstrom, William and Elmer Hill, Paul and Nellie Saari, Edna Mattson and Lydia Maki. The first teacher was Miss Mary Maloney.

A new predator control program was just signed into law. Payment for wolves in areas needing control will range from \$25 to \$60.

The bill to allow the people to vote on the lowering of the voting age to 19 was signed by the Governor. The amendment will appear on the general election ballot in November of 1970. A survey indicated that slightly over half the District wanted the voting age to remain at 21.

AN•DOR•DON Fish Fry had all you can eat for \$1.75!

LANDMARKS is intended to reach all of the Duluth to Two Harbors residents. The editors invite all readers to submit news.

•Use a little baby oil on your face (or legs) before applying shaving cream. The razor will glide smoothly-great for those with sensitive skin.

### HOMESTEADER'S

by Elyn Sundstrom

On June 17th, 13 Homesteader's Craft class took a Van to Hayward, Wisc. Coffe stop was at the Minong Restaurant, then onto the Fish Museum in Hayward. A very interesting place. (Note-To prove that you are 65 years have your Medicare Card handy-otherwise you cannot get your senior discount.)

The park is full of large fish statues. Especially the 1/2 block long-4 stories high muskie. Myrtle Maki and I climbed to the mouth of this hugh fish. We felt like "Jonah in the belly of the whale". In the museum there is every type of fish imaginable and their record setting weight.

After going through the museum we all walked across the highway to the Windmill Mall. This is individual little stores to attract tourists. From there we took the van to the Lumber Camp for dinner. When you open the door to the log cabin you walk into a period of yesteryear. For just under \$5 you receive your dinner ticket. Dinner is served "family style" on tin plates and cups, on wooden tables and benches. Our menu was, fried chicken, roast pork, mashed potatoes, baked beans, cole slaw, applesauce, cranberries, thick sliced homemade bread, doughnuts (raised) apple pie, milk and coffee. ALL YOU CAN EAT. Every two days the menu is changed.

At this museum is an old Lima Locomotive engine plus other cranes and etc. needed in the lumber camp, plus huge logs in wagons.

After the BIG dinner we exercised by walking the main street of Hayward.

Our Homesteader's are planning a trip to Park Rapids-"The Village of the Smokey Hills" on July 10th. We leave the church at 8 a.m. Coffee stops at Forrest Lake Lodge, Grand Rapids. Cost \$11 per. There is still room-please contact Elyn for reservations.

### WHAT'S BEEN HAPPENING?

\*\*\*

We were honored on our 25th Wedding Anniversary on June 22nd with a family dinner at the Radisson & on Sunday, June 23, we were honored with a suprise reception at the North Shore School. We would like to thank everyone who came to honor us. A big THANK YOU to Cindy, Sandy & Rick for such a wonderful weekend. Dale & Dian Saari.

\*\*\*

A 25th Wedding Anniversary was held at the Duluth Town Hall for Colleen & John Bowen of Greenwood Road. Relatives from as far as South Carolina joined the festivities.

\*\*\*

Johnny & Michele Hagglund celebrated their 4th Annaversary with their 2 boys Jesse & Andrew.

\*\*\*

Goodbye & good luck! To Johnny & Michele Hagglund who are starting new in Minneapolis. Johnny will be working for Marshall Block & Ready Mix.

\*\*\*

Congratulations to Captain Dave & Dr. Mary Cooley on the recent birth of their baby girl.

\*\*\*

Brian Lee of Knife River was home on leave recently from the U.S. Navy

\*\*\*

Krissy Anderson of Two Harbors began a new job at Judy's Cafe in Two Harbors.

\*\*\*

Debbie Swartz came home from Denver, Colorado for a surprise visit the first week of July.

\*\*\*

Heidi Mindestrom will be spending the week of July 14th with her aunt and uncle Warren & Mara Mindestrom in Fremont, California.

\*\*\*

## "Fire Call"

First of all, the Clifton Volunteers would like to offer their sincerest congratulations to Patti Hellman on a fine job she has done on bringing the "Landmarks" back to life.

This past Wednesday, the Clifton Volunteers were the guests of the Two Harbors Fire Department. Together we burned down the "Side-track," for a training exercise. The "burn" was under the control of an instructor from the State Fire Marshall's office.

Approximately fifteen separate fires were set, allowed to develop and then knocked down and put out by three man teams of firefighters.

Every fire fighter going into the building wore his or her protective clothing and an air mask. Each team was backed up by another team in case of trouble.

The instructors aid or "torch man" would start a fluffed up bale of straw on fire and then spatter a gallon or so of fuel oil on the walls and ceiling to make the fire burn faster and hotter. The fire roared up and across the ceiling of the room towards the door where the firefighters were waiting. We were held back by our instructors until the heat was nearly bearable. When given the O.K. by the instructor, the first team member, the nozzleman, would deliver a few short bursts of water from the fog nozzle. As if by magic the fire would stop and shrink back into the bale of straw. The team members quickly switch places, a new man took the nozzle, more fuel oil was thrown and the process started over again, until every team member performed a knock down. We then moved into the room and sprinkled water on remaining burning straw to put the fire out. The room by this time was full of smoke so they performed the last step which is to ventilate the room. After

opening a window, the nozzle was adjusted so the spray just filled the window opening. As the water shot out through the window, it pulled all the smoke with it and cleared the air in the room. The fire was out, that team was done and air pack alarm bells were ringing all over the place signaling the firefighters they had less than five minutes of air left.

Fresh straw was brought in and a fresh team of firefighters prepared to go into action.

After every man had a number of chances to fight the fire, the building was allowed to burn to the ground.

What can be learned from burning down a building? Well, 1.) We learned how a fire behaves in a building by being right in there with it. 2.) We learned how, with proven tactics, we could take control of a raging fire, knock it down and put it out. 3.) We gained a new respect for our protective clothing and air packs. They kept us alive in a deadly environment. 4.) A renewed respect for our fellow fighters. Only a team effort can successfully fight fires.

Thanks, Two Harbors Fire Department for giving us a chance to polish our skills for the next time we have a fire in our area.

**SMOKE ALARMS!** Is yours working? Why not check it now? Blow out a candle and let the smoke drift into it or blow some cigarette smoke on it. If your smoke alarm doesn't go off-FIX IT! Smoke alarms have saved countless lives and millions of dollars in property. It's hard to believe there are still homes that do not have smoke alarms.

Tom Swanstrom, Fire Chief  
**IF YOU HAVE A FIRE CALL:**

**722-6611**

**If you have any questions or comments call: 525-2214**

•Brush your hair before washing it. You won't have a sink full of hair.

•Wrap your tent stakes in aluminum foil. They are easily seen by day, and at night, they shine like beacons in the ray of flashlight.

## BRIMSON FESTIVAL

BY Margarite Blaisdell

For years I have been interested in the Mid-Summer Festival in Brimson.

I feel it is so nice that former residents come back to see the old countryside and folks who are still living there. Also, getting acquainted with the people who have moved up there in later years.

Finally I was able to attend the Festival on June 22nd. It was cold and windy but the hospitality and friendship warmed our hearts.

Brimson is just starting out to renovate Petrall Hall. Last year they worked on the posts and steel beams to make a solid foundation and floor. So now they have no fear of having dances there. Now they need a new roof. Saturday's donations from the good meal, wonderful program and the Auction of hand crafted articles should be a big help, moneywise.

We are fortunate to have our beautiful remodeled Duluth Town Hall. That is why we are planning our own get-to-gether. It's a "Come On Home" party. It will be held Saturday, July 20th from 1 to 5.

A program will be at 2 and then "Coffee Time". We are hoping for a good crowd; a lot of visiting and reminiscing of the old days. We hope you will bring Memorabilia that I'm sure will interest everyone.

It's a chance for everyone to see how nice the Town Hall is now.

So, pass the word along-whether you live in Landmark Country or hundreds of miles away.

Everyone, "Come On Home!!"

# Cooks Corner

Cooks Corner is sponsored by Judy's Cafe, Two Harbors. LaVernes Hot Dish

- 1/2 cup diced onions
- 1/3 cup diced celery
- 1 lb. ground beef
- Salt & Pepper

Brown above together. Place in 9x13 baking pan.

Pour 1 can cr. of celery or mushroom into pan. Place a layer of Tater Tots on top & bake 45 minutes in 350° oven.

## STRAWBERRY PRETZEL SALAD

1st Layer

- 2 c. crushed pretzels (not too fine)
- 3/4 c. melted butter
- 3 tbsp. sugar

Mix together & spread in bottom of 10x13 pan. Bake 8 to 10 minutes at 400°. Cool.

### 2nd Layer

- 8 oz. pkg. cream cheese (softened)
- 1 c. sugar
- 9 oz. pkg. Cool Whip

Blend cheese & sugar, fold in Cool Whip. Spread on cooled crust.

### 3rd Layer

- Two (3 oz.) pkgs. strawberry Jell-o
- 2 c. boiling water
- Two-10 oz. pkg. frozen strawberries

Dissolve Jell-o in boiling water & stir in frozen strawberries. When partially set, pour over 2nd layer & refrigerate.

This is a delicious dessert or salad.

## ANNUAL ROAD INSPECTION

The annual inspection of the roads has been completed. 2 roads to be upgraded are the Remer Road and the Simpson Road.

The remaining roads will remain upkept in their usual good condition.

- 13-Jesse Hagglund-Quite the little man-but not "two" terrible!
- 20-Russell Hagglund-Grandpa is 55 today-"Happy Birthday" from the boys. (Jesse & Andrew).
- 22-George Hagglund-With each generation having a birthday in July-Great Grandpa won't be hitting eighty alone!
- 23-Rodney Aho-is it 28 or 29?
- 23-Willy Hagglund-What does the fortune cookie say at thirty?
- June 25-Avis Jackson celebrated her 40th birthday!
- 26-Gary Mavity-Happy birthday to our ace flyer!
- 27-Alice Aho-Happy Birthday to you!
- 30-David Hagglund-Making it big in the army. Ford Ord, CA-25 and still alive!

(Send your birthdays, along with short message & \$.25 before the last day of the month! Everybody likes to be remembered on their birthday!

## 2nd ANNUAL FIREMEN'S DANCE

The 2nd Annual Firemen's Dance will be held July 13th from 9:00 to 1:00 at the Two Harbors Arena. Music will be provided by the "Flashbacks" a real 50's - 60's band.

The proceeds from the dance will go for continuing the Firemans Scholarship Fund.

•To make large ice cubes for camping or fishing trips, fill muffin tins with water & freeze. These super ice cubes last much longer.

## CLIFTON 4-H

The meeting was called to order at Ritchies house at 7:30 p.m., June 4. The speaker was Sherry Boyce on the sailing program this summer.

Clifton 4-H members met Monday, June 10 at 9:30 a.m. to plant flowers at the Fire Hall. Afterwards members also had a picnic and picked up garbage along the North Shore.

On Aug. 7 members will meet at the Dairy Booth for work from 5-7 p.m.

All members are reminded that Records are due Saturday, July 13 at the tour.

Demonstrations were done by Lee Ritchie on his computer. By Heather Poe on photography and by Angel Poe on fish.

This summer the Meany family is hosting a Japanese student through 4-H. At the August 6 meeting Yuki Osawa will tell about Japan. The meeting will be held at Meany's, 10520 North Shore Drive, Duluth, MN. 55804, at 7:30 p.m. Visitors are welcome.

HAPPY BIRTHDAY CINDY  
29 years young

**OBITUARY**

Deanna Lea Bunnell, 35, of 720 1/2 E. First Street, died June 6 in St. Mary's Hospital.

She attended school in Two Harbors and graduated from Clover Valley High School. She had lived the past 17 years in Duluth and was an operator for AT&T.

She is survived by a daughter, Thresa Lea and a son, Michael Gene; both of Duluth; her mother, Marie Berry of Two Harbors; a sister, Martha Bunnell of Superior, WI. and an aunt, Nettie Cederberg of Two Harbors.

Services were at 1:30 on June 10th at Trinity Lutheran Church. Burial was at Sunrise Cemetery.

**OBITUARY**

Gladys I. (Heleen) Altonen, 71, of 1601 St. Louis Ave., died June 28 in Park Point Manor. She was a member of the Veterans of Foreign Wars Women's Auxiliary and Messiah Lutheran Church. She is survived by her husband, Nestor; a son, Darrell Valine; a stepson, Jack Altonen; a sister, Norma Hill of Two Harbors; seven grandchildren and nine great-grandchildren. There was no visitation. Services were at 11 a.m. on July 2nd at Jarvi-Dowd Funeral Home. Burial was in Park Hill Cemetery.

•Put a bit of vegetable oil in your skillet first when frying with butter. This will keep the butter from burning!

**4-H**

On Saturday, August 17th the 4-H Camp on Lake Eshquagama will celebrate the 50th Anniversary with an Open House for the public, starting at 12 noon.

Allie Johnson has been the local 4-H leader for the past 3 years, reflecting many hours of dedicated service to the area youth. Her years of volunteer service are certainly worthy of note.

Verna Holappa also should be recognized for her 4-H work in Normanna Township.

The beautiful log structure was built by Sears as a tribute to the outstanding community service of St. Louis County 4-H Clubs.

**TOM HAGGLUND**

Tom Hagglund will be arriving home this month from Hunduras where he is currently serving in the U.S. Army.

After a brief stay at home he will be on his way to Korea.

From all of us here at home:

**"WELCOME BACK!"**

**CHILD CARE**

by Kathy Johnson

Since last months column on nutritious snacks, the Main Grain Co-op in Two Harbors has closed, and thus is no longer a source of wholesome snacks. However, Whole Foods Co-op in Duluth, although less convenient, does offer the same items, as do the local buying clubs. Check them out!

Unfortunately, I received no response regarding snack ideas or travel tips. I know that there are a lot of good ideas out there, but I can't pass them on unless you share them with me.

Well, here's a few travel tips for those of you that are lucky enough to have a vacation planned this summer. Some will be helpful for the day or weekend outing as well.

First off, in a moving vehicle, safety comes first! ALWAYS use your seat belts. It causes a lot less confusion and is much safer for all. And, please, keep young infants and toddlers in their car seats, never in your lap. Stop the car if the baby needs to be fed or changed. Everyone can use the stretch.

If motion sickness is a possible problem... plan ahead. Don't eat heavily and avoid smoke or other unpleasant odors. Try fixing your eyes on some stationary object in the distance or on the horizon. Two over-the-counter drugs, Dramamine and Bonine, are effective, but check with your physician for contra-indications. Bonine is NOT for children under twelve. Herbalists recommend powdered ginger or cayenne to relieve nausea. And some folks swear by another method: pressure on an acupuncture point inside the forearm between the two tendons three finger widths above the major crease of the wrist.

With older children, plan the vacation together...use maps & picture guides, and establish travel ground rules early: i.e. snacks, spending money, and signals for rest stops *in advance*.

On vacation, don't try to overdo it. Vacations should be a time to slow down life, so allow plenty of time for relaxation and unhurried sightseeing. Camping lends itself to a slower pace, free from schedules.

Long drives can get very tiresome. There are the well-known car games such as identifying license plates, finding the alphabet on road signs, etc., which not only occupy the mind, but also can aid the parent in detecting early vision problems. Car bingo is great. Instead of the store-bought variety with many hard-to-find or unrecognizable objects, let the children make up their own boards with objects more likely to be seen along the way. You may want to suggest a few items indicative of the area you are visiting. And of course provide a container with crayons, markers, pencils, etc. along with a table or activity board.

If you have a cassette, a nice idea, particularly for night travel, is to tape favorite stories and songs. Have a grandma or grandpa record a few stories; the children will enjoy hearing the familiar voice. The library also has a variety of cassettes available. "Raffi" in particular records a nice selection of children's tapes; one is entitled *Singable Songs for the Very Young*.

Lastly, pack a good supply of those nutritious snacks and beverages in a readily accessible place. You don't need excess sugar to add extra fuel to an already "ancy" child. Don't forget the litter bag, and above all---enjoy one another!

## INTEREST RATES ARE DOWN!

It is still the American Dream to own your own home. Interest rates are unbelievably low, while property values are affordable. Renters can now purchase with low down payments resulting in a domino effect of homes and farms in all price ranges. Don't wait for the increase of rates and prices, call today for a no obligation market analysis on your present home or we will assist in qualifying you for the price range and type of mortgage to best suit your needs.

**GARDEN HINTS**

by Lou Hagglund

•Cornborers can be prevented on corn by treating the silk with mineral oil before it turns brown. It's a harmless organic compound.

•A ring of wood ashes or sharp sand around plants or whole garden helps control slugs. Also, shallow aluminum pans sunk into the ground with the rim level with the soil and filled with beer, will attract and kill slugs. They drown in the liquid.

•When digging flower bulbs from the garden, wrap a piece of yarn the color of the flower on each bulb. You'll know what color they are when replanting them.

•After your lawn has been mowed, the clippings can be sprinkled-3 to 4 inches deep, around your shrubs, flower and vegetable beds to help keep moisture in, weeds out.

**ONIONS**

•Onion sets are the surest route to success in the vegetable garden as the emerging plant will be vigorous and strong. They can be planted in early spring as soon as the soil can be prepared. Onions are tolerant to frosts. Onions require about twice as much fertilizer as most vegetables. After 40-60 days, it helps to give a second feeding of 10-10-10 fertilizer at a rate of 1 pound per 25 or 30 feet of row in a side dressing by placing the fertilizer in a trench 1 inch deep and 3 inches to one side of row or watering with a liquid fertilizer according to directions. They do well planted in a bed, close together, and thinned for table onions while still small.

Shallow cultivation with an old kitchen fork keeps weeds down, at same time pull dirt away from bulbs being careful not to damage tiny hair roots or expose them. All flowers, as they appear, should be snipped off tops. Towards fall, when tops have bent on their own, they can be pulled. Give the top a couple twists by the neck and hang up in garage or shed to dry for couple weeks.

An onion with a thick neck usually is not a good keeper, so can be diced up and put in freezer bag inside a second bag lined with newspaper, to help absorb onion odor.

Frozen diced onions can be used in casseroles, chili, etc. all winter long.

•To sterilize your canning jars, after washing, rinse the jars in very hot water. Place jars **upside down** on oven grate covered with aluminum foil and heat jars for 10 minutes. They are now sterile and ready to fill.

### TOWN MEETING MINUTES JUNE 13, 1985

Present at the meeting were the Town Board, Fire Chief, Cosntables, and "Landmarks" editor.

Fire Wardens in the township Jude Orrin Moe, Ron Thurene, Rick Larson, and Jay Zink. Anyone who wishes to burn brush piles has to have a permit from one of these wardens. Recreational fires do not require permits. People who burn without a permit are liable for any damage that could occur.

The response to "Landmarks" has been very favorable. There are 180 subscriptions so far.

On motion, the Board resolved to purchase a brush cutter at a cost of \$395.00.

The Township Officers Ass'n. supports a resolution to have a 911 system for the county apart from the city of Duluth 911.

Richard Tofte has almost completed the legal survey of all town roads. He presented the Board with the survey and he will meet with Camille Doran, Atty. to go over the road survey before a hearing is scheduled. The Board may call a special meeting to review the survey before the hearing.

The rock crushing operation off Homestead Rd. may be grandfathered in but they should have a Conditional Use permit and should have reasonable hours of operation. This will be discussed at the Planning Commission meeting.

The town bills were paid before the meeting adjourned.

Respectfully submitted,  
Dorothy Blomquist-Clerk

### TOWN HALL MEETINGS

Meetings begin at 7:30 p.m.

Town Board-2nd Thursday  
Fire Department-1st & 3rd Wednesdays

Zoning-4th Thursday  
\*\*\*

Homesteaders-1st Wednesday each month at 12:00 noon

Craft Class-Every Thursday at 10:00

### AQUA SYSTEMS

The proper fusing of your water pumping system is very important. A dual element fuse that is rated close to the amperage draw of the pump motor should be used. If the fuse is too small, it will blow easily. If it is too large, it will not blow in the event of a short circuit. This causes low voltage to the motor and the possibility of electrical shock.

Call us if you have any questions about your water system.
