Finances

Tax Exempt: As a local government Duluth Township is exempt from State sales tax as long as the item is a consumable, if we purchase to sell the item is not exempt. We must pay for the item directly and take possession immediately. The clerk will compile a list of vendors currently charging us tax, create a ST3 (certificate of exemption) and a brief letter for each vendor on the list, the supervisors will review the list at each meeting and either Dave or Penny will sign both the ST3 and the letter.

The Treasurer reported a beginning balance of $643,539.58, deposits of $1588.48 and expenses of $15,635.75 for an ending balance of $629,492.31. The claims list for approval was reviewed all checks and the payroll distribution documents were signed.

Public Comment

- Jana Dreher a North Shore Community School counselor along with a delegation of North Shore students presented a proposal to the Town Board requesting funding for a ZipKrooz Zipline. The funding request would be a 50/50 split between ABC of North Shore Community School and the Town of Duluth, grant opportunities have not been sought at this time. This will be an agenda item at the June Town Board meeting.
- Electronics presentation: Planning and Zoning Commission representative Jerry Hauge would like to propose the purchase of a screen projector, screen and wireless mikes for the main room of the Town Hall. The proposal represents an electric screen but a manual screen is also available. The equipment will most often be used by the Planning Commission, the Town Board, the Board of appeal and equalization and Hall Rentals such as Advocates of the West Knife; it will be available to others upon request. Corlis made a motion to accept the proposal by Excel AV group for $5689, Barb seconded for discussion purposes. Barb would like to amend the motion to approve the work and spend up to $6689 including the electrical work but hopefully less if we use a manual screen. Barb’s motion was amended to read: The Town Board authorizes Corlis to spend up to $6689 for the installation of a projection system from Excel AV group with the final specifications to be decided after acquiring more information on screen type. Corlis seconded, the motion passed unanimously.
