Public Comment: Farmers Market

- Justin Osadjan met with Tim, Penny and Blane Tetreault for a discussion. They are interested in holding a mid-week market June-September, possibly Thursday afternoons with a possible time frame of 4:30 – 7 p.m. The plan is to hold it concurrent to recycling and home from work traffic along Homestead Road. If a summer market is successful it is possible to extend to a winter market which would be biweekly. Tentatively there would be about 10 tables resident space $10/$15 for non-residents with a full season table purchase discount of $150. Saleable products would need to be at least 50% made by the resident artisan and could be craft/food or produce (a Cottage food license would be required if selling food). The thought is to set up around the perimeter of the building not using the parking lot. Some of the fees would be used to generate signs, parking guides and advertising from Hwy 61 to the top of the Homestead Road. Blane Tetreault, Pam West and Justin Osadjan would be the Markets board members and will have insurance through the Farmers Market Cooperative.
  - A suggestion was made to hold the Market on Tuesday night instead of Thursday to avoid Board and Planning meetings.
  - Avoid vendor placement near the fire hall.
  - There should be a contact for the Town Board.
  - This is not going to be a contractual agreement so we need to make sure there is an out for both entities in the event something does not work out.
  - First farmers market is potentially June 8th.

Rolf made a motion that the Board approves having a Farmers Market at the Town Hall under the direction of Blane Tetreault, Justin Osadjan and Pam West, we approve it starting June 8th on weekly Tuesdays, Seconded by Penny. Motion was approved unanimously.
