Public Comment: Residents from the North Star Road were in attendance. The residents of that road stated that they would like their private road to become a Township Road and have the benefits of road maintenance in the summer and winter months much like the rest of the residents in this Township. It was brought to their attention that many of the roads in this Township are County roads and there are only eleven miles of Township roads. After much discussion of the pros and cons the Board referred the residents to reference Minnesota Statute 164.07 to help them in their process, stating that the first step, if they would like to continue, would be a petition and a public hearing. The Board also advised the homeowners to contact the County to find out what they need to do to bring it up to County Standards.

Department Reports

Planning and Zoning: The county has updated the Junk Car ordinance. We passed an ordinance in 1997 that was a stand alone ordinance regarding Junk Cars. We need to be as strict or stricter than the county. The question being do we want to add it to Ordinance 6 or have it as a stand alone. The consensus of the Board is that we revisit the Junk Car Ordinance once Ordinance 6 is in place. Planning Commission is working on finalizing Ordinance 6, once completed, they will send a report to the Town Board for their review. Sue, Liz, Beth, Nicole, and Hannah will be meeting to discuss how their offices will work together moving forward.

Legal: Nothing to report.

Roads: Received our contract from Todd Thomas.
Town Hall: Nicole and Hannah are researching new printer options. The county came and pushed back the snow banks. The new camera system and temp alarms are up and running and we will look into upgrading the remaining cameras at the Town Hall.

American Rescue Plan Act (ARPA): The Town will be receiving approximately $220,000.00 of ARPA funds, under a new federal rule, can treat the entire amount as lost revenue, meaning the money can be spent for any lawful Town purpose. As a reminder, we have until the end of 2024 to commit this money and we have until the end of 2026 to spend this money. The Board discussed ways on which to educate the electors.

The city states that their jurisdiction ends at 9616 Congdon Boulevard, eastward of that becomes jurisdiction of the Township and the County. The City noted that is owns some property within the Township, and we would treat that property in accordance with rules governing land owned by other municipalities within Townships.

New Business:  
- **Skating Rink**: Ron Sundberg was interested in applying for a grant. Ron stated that they have already received a grant for $30,000.00 however it was approximately $85k to install the new boards. He noted that there is a DNR Grant that provides matching funds, but they require the Township to own the land for the grant. Ron inquired how he would request additional funds from the Town.
